Shape Stamping

Encourage shape awareness

Learning benefit / Skills developed

- Encourages shape recognition, labelling and awareness
- Encourages language through shared conversation and interaction
- Allows children to explore different methods of creating art

What you'll need

- Paper
- Paint (can make your own, see Family Hub for recipe)
- Cookie cutters in different shapes (if you don't have any, you can make your own stamps using cardboard)
- A plate of flat container for the paint

Instructions

- Show your child how to stamp the cookie cutter into the paint, then on the paper, then let them explore.

Tips / Advice

- Talk to your child about what shapes they're making, and what colours they're using.
