

sdn Playlinks

Playlinks is a supported play group for families with children ages 0–5 years old.
The free, short-term program runs weekly, in Western Sydney.

A child-centered environment where children and families can explore the joys of learning through play.

Run by qualified Early Childhood Teachers and Family Resource Workers who support families and children's learning, wellbeing and development, and can connect you with other community resources.

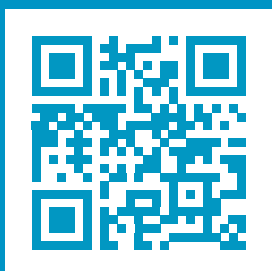

Runs for one school term at the following times and locations.
In-home support also available.
