3 Day Guarantee
for Early Education and Care

From January 2026, the Australian Government is introducing the 3 Day Guarantee, replacing the current Child Care Subsidy (CCS) Activity Test. This means all eligible families will receive at least 3 days (72 hours) of subsidised early learning per fortnight—no matter their activity level.

At SDN, we believe every child deserves access to quality early education. Our play-based programs for infants, toddlers and preschoolers help children thrive—now with even more support for families.

💡 What this means for you:

- More affordable care for many families
- Greater access to early learning
- A strong start for your child's future

Learn more about how this can benefit your family by searching '3 Day Guarantee' or speak to our team on 1300 831 445.
